Software Release Notes

Product:	**XRP2i Firmware**
Version:	**2.2.1.0**

XRP2i –Version v2.2.1.0 - Released 03/05/2023

Improvements

- Hardware modification from XRP2 (using BT/EDR module) to XRP2i using a dual Bluetooth/BLE 5.0 module, this allows former Bluetooth classic and new BLE connections to be executed.
- Wireless Synchronization (ISO117834) implemented and available within user menu.
- Connectivity with Apple devices now available by means of BLE GATT characteristics from/to/mtu

Bug fixes

- Various Bluetooth instabilities fixed.
